

ills also to be included with training module for increase the employability of participants and minimize the drop outs

guidance programs and awareness programs among participants & parents, some of the participants not
ble following completion of the training. Some of the participants do not like to respond the calls as they feel
participants specially females are change their mind set and not interested to join tourism and hospitality industry
he training, even though they committed at the beginning

g PWDs expect monthly allowance during the course for cover the family expenses, since the participants are main

s also working in the same four districts, as participants are choosing the REACT agency based on the benefit as well
give priority to REACT agency, who is going to pay high course fee. Different course fee offers by each REACT agency
etting delay on obtain center registration from TVEC

tourism related courses due to cultural barriers and parents are not interested

**participants on suitable jobs and dropout rate is considerably increasing due to less salary and hotelier
onment at eastern province**
